

LSI Consulting is a SAP and Business Objects services partner specializing in the public sector with an exceptional reputation for quality. LSI's tremendous growth is fueled by our GovOne™, CampusOne™, and HealthOne™ template-accelerator solutions for the Public Sector markets we serve, as well as our Remote Application Managed Services business. As a result of this growth we are looking for experienced SAP consultants for our public sector practice. We are currently seeking the following:

SAP Business Intelligence Lead and Architect:

Skills Summary

LSI Consulting is looking to hire a seasoned SAP Business Intelligence team lead and architect to implement business intelligence solutions by providing team leadership as well as architectural design services on large deployment projects.

Responsibilities:

Will be responsible for providing team leadership, as well as the complete architectural design and quality assurance of data modeling solutions with SAP BW Business Intelligence.

Required Skills:

- Highly experienced platinum-level resource, implementing Business Intelligence solutions across all layers of data modeling and reporting.
- Ability to Conduct Requirements Workshops and interact with audiences at C-level.
- Strong leadership skills with proven ability to lead teams at large deployments.
- Strong abilities to support pre-sales activities, and present BI topics at conferences.
- Excellent problem-solving and analytical skills.
- Knowledge of Public sector budget preparation processes - is a plus.

Professional Skills

- 8-10 years of professional consulting services experience on project implementation teams.
- Multiple full lifecycle implementations.
- Able to collaborate with clients and offer solutions for business problems.
- Candidate must have:
 1. Excellent oral and written communication skills.
 2. Leadership qualities and presentation skills.
 3. Ability to lead, coordinate and interact with all role players on the project team.
 4. Ability to coordinate and interact with all role players on the project team.
